By the end of the Gala it was Everest House that topped the table with a whopping score of 243 points, followed by Nile House with 134 points, Pacific House with 108 points Amazon with 104 points.

Workshop on Safe Campus

As an integral part of Life Skill education, a workshop by Disaster Management and First Aid group was organised to educate the students of Kasiga on a number of things, including health issues and critical situations. The students from classes IV to XII took part in the session enthusiastically and gained insights on dealing with sudden unfavourable circumstances.

Community Outreach Program

In order to generate awareness on waste segregation, the student volunteers from Green School Committee participated in the Community Outreach programme.

Kasigans went to Rajkiya Government School and explained to the students about the significance of waste segregation. They did an interactive activity called Waste Relay Race wherein the students segregated the waste as per its category of Biodegradable, Recyclable and Non-recyclable.

The students really learnt a lot and enjoyed the interactive session.

Trip to FRI

The school organized a trip to the FRI - Forest Reserve Institute Museum for students of classes VII and VIII. One of the prime attractions of FRI is its beautiful building which is larger than the Buckingham Palace.

Students enjoyed and learnt from various sections of the museum namely - Pathology Museum, Social Forestry Museum, Silviculture Museum, Timber Museum, Non-Wood, Forest Products Museum, and Entomology Museum.

Career Counselling workshop

A career counselling workshop was conducted by Mr. Ravindra Ghorshi, a representative from Univariety. It was conducted in the school premises for the students of classes IX to XII, who are at a vital juncture of making career choices. The first session of the workshop had grade based objectives such as for Grades 9 and 10 it was stream selection and subject combination. For grade 11 and 12, the workshop touched upon various aspects such as the best college admission plan.

The second session was only for the students of Grade 12. It was an ICT based session where-in the students worked on the computers to develop their portfolios more effectively based on their desired university. The workshop was quite informative for the students and led to a lot of curiosity among students. All the queries and doubts were resolved by the workshop leader to offer clarity and ease the pressure.

Inter-House Mathematics Quiz

The School organized an Inter House Mathematics Quiz for the senior students, where in they were quizzed and rattled with numbers. Quizzes help in the acquisition of logical skills, proficiency and aptitude; therefore they have become an integral part of the academic curriculum. The event was hosted by Mr. Surendra Singh Bisht. Mr. Kamal Dewan was the tabulator and Mr. Sachin Sharma was the time keeper for the event. The competition ran neck to neck among all the teams but in the end, the battle was won by the Nile House in a tie breaker.
