Measures To Keep Campus Safe

We have done our best to keep the health of Kasiga family and the premises of the school completely safe. The following steps are being taken to ensure safety and health for everyone on the campus-No entry for visitors until further notice, Infirmary staff is screening all staff members at the entry gate, Sanitizers have been placed at all strategic locations, wearing mask is compulsory for all and School premises is being sanitized regularly.

Online Orientation Programme

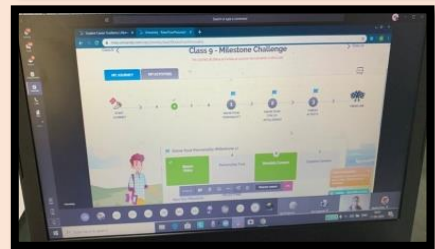

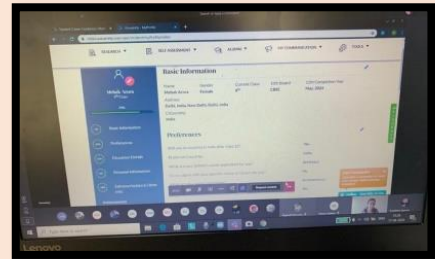

Kasiga_School successfully conducted an On-line Parents Orientation Programme. At the onset of the session, Mrs Sonali Sinha, Principal, spoke about ethos of the school and introduced key members impacting the students' life at Kasiga. This orientation programme served as a sneak peek into the life of students at Kasiga. Both, new parents, as well as new students, were excited to be a part of this orientation. Virtual Classes and other modes of learning were discussed at length and special thanks was given to the parents for the trust bestowed upon the School Management for the on-going and effective learning strategies adopted by the institution and their cooperation during these trying times.

Digital Classes

Amidst the nationwide lock-down, we improvised a way to keep the knowledge flowing through the Digital classes. Our teachers as well as students adapted to the transition and ensured that the learning process continues in full throttle. Kudos to them!

Online Orientation Session By Univariety

An online orientation session was organised by Univariety representative for students of Grade IX to familiarise them with Univariety portal and talk about various benefits of career counselling. The objective was to clear the confusion and anxiety in the minds of students regarding the options for higher studies.

Earth Day Celebration

Earth Day for the Kasiga family was full of awareness and creativity as the students used their skills to put forward important messages to save the environment. Each student showcased their creativity by making attractive yet informative posters to spread the message of bringing about a balance between humans and nature. Here are some of the best posters made by our students.

Sports & Activity Videos For Students

As a progressive school, we understand the need for holistic development of the children and while our students are taking their academic lessons online from Monday to Friday, we decided to engage them in extracurricular activities during weekends by emailing our students videos of various activities like dance, instrumental and vocal music, art and craft, clay modelling and physical fitness. Kudos to our activity department for conceptualising and executing the same online.

TOP SCORER -
AS Economics(A)

CAIE 2020

The Kāsiga family congratulates the toppers of the March 2020 Series Cambridge Examinations. IGCSE students received commendable grades in a diverse set of subjects. Students of the AS level achieved creditable grades in Mathematics, Physics and Economics. Securing excellent results, 3 students achieved a Distinction and 3 students achieved Merits in the Cambridge ICE which is a group award for students who pass examinations in at least seven Cambridge IGCSE subjects from five different subject groups, including two different languages. One of our student scored 7A's at the IGCSE and an ICE distinction. We wish them even greater heights of success in the future.

You all have made us proud and we have no doubts that you will continue to excel in life.

Webinar In Partnership With ICS

Kasiga organised its first webinar in partnership with ICS. The session was streamed live on school FB page as well as Zoom platform. The objective was to equip ourselves with effective ways to face the catastrophe and move forward towards a more secure future. Highlights of the session were - Understanding the characteristics, qualities and aspirations of our GEN Z, the post-COVID Educational and Career scenarios and how to facilitate ideal educational and career choices. The main speaker was Dr Amrita Dass, leading educationist & career-consultant and the Founder-Director of the Institute of Career Studies (ICS) and the panel comprised of two senior career counsellors –Mrs Nupur Wali and Mrs Rashmi Singh. The webinar was well received and appreciated by our parent fraternity.

Virtual PTM

For the first time ever, Kāsiga successfully organized a virtual Parents & Teacher Meeting, for the session 2020-21, on 5th and 6th June 2020. The enthusiasm of the teachers as well as the parents made it a joyful experience for all.

Webinar In Partnership With Jamboree

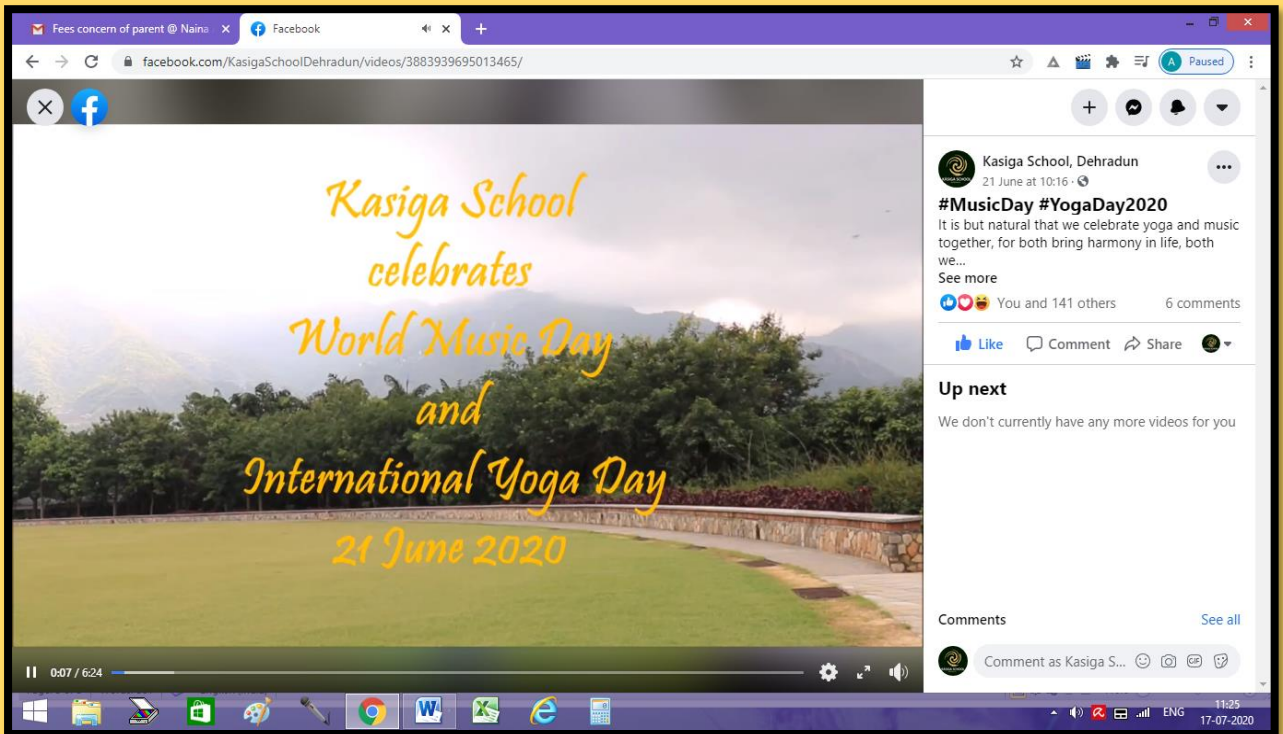

Kasiga organised its second webinar on Career Opportunities in India and Abroad with Mr. Vineet Gupta, MD, Jamboree and an IIT Delhi Alumnus. It was an interactive session which covered topics like most sought after careers post-COVID times, the do's and don'ts while preparing for SAT ,Admission process and eligibility criteria for Ivy League and other top universities abroad, top Indian colleges that accept SAT scores and offered a admission insight into universities in US, UK, Canada, Ireland and Germany

World Environment Day Competition

Students of Kasiga recently participated in Waste Warriors Inter School Competition for [World Environment Day](#) by creating these beautiful posters. They gracefully illustrated the values of [Kasiga](#) family with their creativity and expression.

International Yoga Day and World Music Day

Kasiga family put together a mesmerising video celebrating Yoga and Music together. It is our belief that both weave the magic in the pauses, both unite us with the vibrations of the universe and both connect us to the divine. Do check out the video on our FB page or click on the link <https://www.facebook.com/KasigaSchoolDehradun/videos/3883939695013465/>

Inter-School "Best out of Waste" Competition

Green Gurukul Education Programme organized an inter-school 'Best out Of Waste' competition in which 8 prestigious schools participated from Dehradun. Students sifted through their waste material at home and came up with some exuberant exhibitions. Two of our students made it to the top five entries-Aadhya Mehta, Grade VII and Mahima Tyagi, Grade VII

Kudos to the efforts of all students who participated and those who made it to the top!
